Improve CSW client compatibility

10/03/2012 06:09 PM - Cesar Martinez Izquierdo

Status: Fixed	% Done: 100%
Priority: Normal	
Assignee: Francisco José Peñarrubia	
Category:	
Target version:	
gvSIG version: 1.12.0	Add-on version:
Keywords:	Add-on resolve version:
Has patch: Yes	Add-on resolve build:
Add-on name: Unknown	

Description

CSW client has several compatibility problems:

- CSW 2.0.2 version is not supported
- International characters are not properly supported
- Protocol errors are not recorded on gvSIG log
- WCS layers are not correctly loaded from the catalog client

The attached patch addresses all these errors.

History

#1 - 10/16/2012 02:17 PM - Manuel Madrid

- Target version deleted (1.12.0-final)

#2 - 01/10/2013 07:00 PM - Francisco José Peñarrubia

- Status changed from New to Fixed
- % Done changed from 0 to 100

Applied in changeset r39586.

#3 - 01/10/2013 08:43 PM - Francisco Puga

- Assignee set to Francisco José Peñarrubia
- Target version set to 1.13.0

As this patch affects liblverUtiles, and appCatalogAndGazzeteerClient depends on iver-utiles.jar i think that a new version of the jar should be also upload of the repo.

If not, you will get a compilation error, if you don't download also the liblverUtiles project and compile it by yourshelf.

#4 - 02/21/2014 09:40 AM - Álvaro Anguix

- Project changed from Application: gvSIG desktop to | gvSIG desktop 1
- Category deleted (Catalog)
- Target version deleted (1.13.0)
