- Assignee set to Juan Lucas Domínguez

**#3 - 10/23/2012 02:32 PM - Juan Lucas Domínguez**

- Status changed from New to Fixed

Added missing methods to restore conventional printing.

gvsig-app-document-layout:r30

A relevant test would be:

- create view, add shapefile of LINES

- go to layer properties, change width of lines to 5 mm in paper
- create layout, add view to map
- go to Layout > page setup > choose size DIN A4
- print the map and check that the line width is actually 5 mm in the final sheet of paper

**#4 - 11/07/2012 10:17 AM - Abenchara Socorro**

- *Status changed from Fixed to Closed*
