Refreshing properly main window title.

gvSIG-desktop:r39104

There is a confusion. The title must not have the name of the file but the name of the project. You can see and change the name of the project in the project manager ("Properties" button at the bottom). I have now fixed it and the title should be refreshed properly when you open, save or rename a project.

#3 - 11/07/2012 08:56 AM - Juan Lucas Domínguez

gvSIG-desktop:r39198

Restored previous behavior: main window title will show file name, not project name. That is the behavior of OpenOffice documents for example.

#4 - 11/15/2012 10:02 AM - María Maluenda

- *Status changed from Fixed to Closed*

Closed in the gvSIG build 2058
