Status:	Closed	Start date:	12/27/2011
Priority:	Normal	Due date:	
Assignee:	José Badía	% Done:	100%
Category:		Estimated time:	0.00 hour
Target version:		Spent time:	0.00 hour
Description			
IDENTIFICADOR: gvSIG-topography			
NOMBRE: gvSIG Topography			
DESCRIPCION:			
Extension for gvSIG with the necessary functions to manage the mapping from the point of view of the topography. Thus, gvSIG must have topographic calculation tools, and allow store and manage fieldwork			
Features			
<ul style="list-style-type: none">- Import / Export File field. Tools for importing and exporting data from surveys.- Definition of correction. Corrections may be defined to apply to data collected in field: atmospheric sphericity and refraction, reduction to the horizon at sea level reduction, reduction to the ellipsoid, anamorphosis.- Definition of work units. New options are added in gvSIG to work with angles and define topographic precision (decimal) for the calculations.- Surveys. Will develop the necessary functions to generate topographic layers:<ul style="list-style-type: none">o Stations. We may modify, delete and create stations. Allow to select the type of station.o Parking. We may modify, delete and create parking spaces, specifying its characteristics (height of the device, disorientation, etc.)..o Visually. We may modify, delete and create visuals. For selecting the type of visual (Intersection Conversely, direct intersection, etc.). And the type of distance used.o Generation from a visual point.o Edit topographic points.o Digital Terrain Models. Creating MDT by various methods. Will develop options for change and smoothing.o Tools topographic data information: azimuth and distance between points.			
USUARIO: jjdelcerro, manager			
Valores posibles para PERFIL:			
<ul style="list-style-type: none">- manager- developer- reporter			

History

#1 - 12/27/2011 05:15 PM - Joaquín del Cerro Murciano

Hay que cargar el svn de:

gvSIG-devel:/home/gvSIG/svndumps2/gvSIG-topograph.dump.7z

#2 - 12/28/2011 10:35 AM - José Badía

- Status changed from New to Fixed
- Assignee set to José Badía
- % Done changed from 0 to 100

#3 - 12/28/2011 10:40 AM - José Badía

- *Status changed from Fixed to Awaiting response*

El dump facilitado carga 0 revisiones ¿es eso correcto?

#4 - 01/19/2012 12:20 AM - Joaquín del Cerro Murciano
