**#2 - 09/02/2013 08:48 AM - Ignacio Brodín**

- Status changed from New to Awaiting response

As far as I know, the grid belongs to the view. In fact, you can configure the grid using the map properties and the units of the grid is in map units (cms by default). Manuel, Can you clarify this issue, please?

Checking this bug I've detected other problem related with it. The grid does not work when you are drawing geometries on the map (lines, polygons or others )

**#3 - 10/03/2013 01:12 PM - Ignacio Brodín**

- Status changed from Awaiting response to Fixed

gvsig-app-document-layout:r85

**#4 - 10/22/2013 01:20 PM - Manuel Madrid**

- Status changed from Fixed to Closed

Ok in gvSIG 2.1 2205

**#5 - 01/13/2014 09:27 AM - Joaquín del Cerro Murciano**

*- Target version changed from 2.1.0-2223-rc1 to 2.1.0-2217-devel*
