History

#1 - 02/07/2012 10:06 AM - Jorge Piera

Removing all the old servers that don't work. I've also added some log messages and I've also add a parent exception to check the connection errors.
[gvsig-desktop #205]

I've to search new servers

Hola. Quizá ya lo sabéis pero por si acaso:

El único servidor que aparece ahora en el combo de catálogo es:

<http://inspire.cop.gva.es/geonetwork/srv/en/csw>

En el SVN hay una lista de servidores (para catálogo y gazetteer) que no se está usando:

En mi opinión lo mejor es salir en ambos vacíos, ya que son servicios que históricamente suelen dejar de ir y tampoco tiene sentido que estén los 2 que hay ahora (los de la CIT).

Manuel: lo tienes asignado tú, pero no sé si tú puedes quitarlos o ha de hacerlo un desarrollador. Si es así, reasigna, porfa.

Estoy de acuerdo con Álvaro en que de momento lo mejor sería quitarlos. Reasigno a Juan Lucas para que lo haga.
