Keywords: jexcel	Proyecto:
Has patch: Yes	Hito:
Add-on name: Unknown	

Description

When a layer is added from the add-layer wizard the layer name assigned is the file name directly instead of ask to the data-provider.
This causes the assigned names are incorrect for some data providers.

Associated revisions

Revision 41615 - 07/25/2014 10:21 AM - Joaquín del Cerro Murciano

Cambio en el dialogo de añadir capa desde fichero la forma de obtener el nombre de esta, ahora se le pide al proveedor. refs #2721
