Description

If I save a project containing a WFS 1.0.0 layer (server URL + bbox), the project is opened and the WFS layer loaded, but not spatially filtered. In detail, the spatial filter (bbox) is recognized (I can see from the WFS Properties, Area tab), but not active. See also #2631 and #2743.

History

#1 - 09/19/2014 11:59 AM - Antonio Falciano

- Status changed from New to Fixed

Fixed in build 2246 thanks to gvsig-wfs:r112.

#2 - 09/20/2014 02:37 AM - Antonio Falciano

- Status changed from Fixed to Closed

Fixed in build 2247, sorry.
