Description

The NOT operator doesn't always work in Filter expressions.
In detail, **NOT <condition>** is considered as an invalid expression, while **NOT (<condition>)** is not applied at all.
Furthermore, the expressions containing **NOT LIKE** work, while with **NOT IN** or **NOT EXISTS** not.

History

#1 - 02/19/2015 12:39 PM - **Álvaro Anguix**

- Category set to Document table

#2 - 02/04/2019 04:21 PM - **Álvaro Anguix**

- Status changed from New to Outdated

With the new Filter tool this bug won't be fixed
