Description

When we use Copy/paste geometries tool on a Multipoint layer, when we copy the geometries to the clipboard it indicates the number of geometries that will be copied, but when we paste them on the new layer, it says that there aren't geometries at the clipboard.

It works on point or polygon layers.

History

#1 - 04/23/2015 01:48 PM - Álvaro Anguix

- gvSIG build changed from 2269 to 2306

Con la nueva edición se sigue produciendo el bug.

#2 - 04/16/2020 05:27 PM - Álvaro Anguix

- Status changed from New to Closed

En el 3015 funciona con multipoints layers
