Description

The advanced labelling in gvSIG 2.1 doesn't recognize the expressions. If we only write the name of a field it works, but any other expression using text works.

I attach a screenshot.

Steps:

- Layer properties- Labelling tab
- Enable labelling
- General: User defined labels
- Method: Label features in the same way
- We open the Properties option, and then the labelling expression.

Advanced labeling doesn't recognize the expressions

History

#1 - 02/19/2015 12:43 PM - Álvaro Anguix

- Related to gvSIG bugs #2451: Advanced labeling does not work properly with two expressions added

#2 - 02/26/2015 11:13 AM - Álvaro Anguix

- Target version set to 2.2.0-2311-rc2

- Assignee set to José Badía

#3 - 05/06/2015 12:05 AM - José Badía

La sintaxis para establecer patrones es la siguiente:

- **Los dos puntos (:)** => para concatenar cadenas y/o variables
- **Comillas ("")** => para las cadenas

Siendo una expresión válida, por ejemplo, la siguiente:

```
"Provincia: ":OBJECTID:" - ":NOMBRE99
```

dando como resultado:

```
Provincia: 55 - Valencia\València
```
