### Description

Cannot save legend "Expressions"

The screenshot shows the gvSIG desktop interface. The main window is titled 'Propiedades de la capa' (Layer Properties) and is displaying the 'Simbología' (Symbology) tab. The legend is set to 'Expresiones' (Expressions) and shows five categories with different colors and area values. A dialog box titled 'Leyenda' (Legend) is open in the foreground, displaying an error message: 'No se ha podido guardar la leyenda' (Cannot save the legend) and 'Cannot write to file the legend org.gvsig.symbology.fmap.rendering.VectorFilterExpressionLegend@7614de68.' The dialog box has an 'Aceptar' (Accept) button. The background window also has buttons for 'Guardar leyenda...' (Save legend...) and 'Recuperar leyenda...' (Recover legend...). The legend table in the background is as follows:

Símbolo	Valor	Etiqueta
Dark Green	valuef = 1	1 (1605455.91 ha)
Light Green	valuef = 2	2 (550672.37 ha)
Yellow	valuef = 3	3 (280044.71 ha)
Orange	valuef = 4	4 (39263.72 ha)
Red	valuef = 5	5 (2043.20 ha)
