#### Description

buenos dias,

En el tema de los Layouts, al intentar crear um cajetin solo me aparece esto(imagen), en el cajetin para introducir el número de líneas e columnas.

e para crear la geometria (Rectangulo) el gvSIG deja de funcionar e solo se puede encerrar por el gestor de tareas.

(On the issue of Layouts, when trying to create a box that only appears to me(image), in the box to enter the number of lines and columns.

and to create the geometry (rectangle) the gvSIG stops working and can be enclosed only by the task manager.)
