Has patch:		**Hito:**	
Add-on name:	Unknown		

Description

The "_Clear" i18n string is used both in the Selection menus and in the "Expression creator" window of symbology and it should be translated in two different ways (at least in Italian):

```
# Selection menus
_Clear=Deseleziona tutto
# Expression creator
_Clear=Cancella espressione
```

One possible solution could be to have "_Clear_selection" in the first case, just like in the tooltip.
