Description

In gvSIG 2.3, when we create a ROI and we export it to a shapefile, it's not exported.

In gvSIG 2.2 it was exported, but only SHP and SHX files were created, not DBF one.

History

#1 - 05/02/2016 10:32 AM - Mario Carrera

- File gvSIG.log added

- File error-roi.txt added

I attach gvSIG.log file.

An error has appeared at the console but not in the log file, so I attach another file with the console error.
