- Related to gvSIG bugs #4562: Error when exporting a CSV file (as layer) to SHP added

##### #2 - 07/25/2017 03:55 PM - Antonio Falciano

I can't reproduce this issue in build 2827, because of #4561.

Hi Antonio,

yes, I have been able to get this error when adding the CSV as a layer directly (from the Geometry tab).

If you access to Layer-Properties, and then Metadata, you can see that the CRS is not assigned.

Cheers,

Mario
