### History

#### #1 - 04/02/2012 02:55 PM - Francisco Puga

It will be included in the next build of the version 1.12, but it's late to include it in the build 1407.

I see that this translation was possible thanks to the work of Barbara Meliadou y Miltos Meliadis. I think it's a good idea say this in the description of the issue, to attribute the work on the commit message.
