URL of packages index in the Addons manager is outdated

04/02/2012 07:57 PM - Antonio Falciano

Status: Fixed	% Done: 0%
Priority: High	
Assignee:	
Category:	
Target version:	
Severity:	Add-on name: Add-ons manager (org.gvsig.installer.app.extensions)
gvSIG version: 1.12.0	Add-on version:
gvSIG build: 1206	Add-on build:
Operative System: Windows	Add-on resolve version:
Keywords: addons, packages	Add-on resolve build:
Has patch: No	

Description

After the migration from OSOR.eu, the URL of packages index in the Addons manager should be:

<http://downloads.gvsig.org/download/gvsig-desktop/dists/1.12.0/packages.gvspki>

instead of:

<http://gvsig-desktop.forge.osor.eu/gvSIG-desktop/dists/1.12.0/packages.gvspki>

Same bug in gvSIG 1.11 build 1305.

History

#1 - 04/03/2012 11:40 AM - Antonio Falciano

- File *Addons_URL_patch.txt* added

- Target version set to 1.12.0-rc1

I attach a simple patch which solves the problem.

#2 - 04/16/2012 02:36 PM - Pablo Sanxiao

- Status changed from *New* to *Fixed*

Patch applied.

Thanks for your contribution.

#3 - 02/20/2014 10:21 AM - Álvaro Anguix

- Project changed from *Application: gvSIG desktop* to *| gvSIG desktop 1*

- Target version deleted (1.12.0-rc1)
