Has patch:	No		**Hito:**	
Add-on name:	Unknown			

Description

In order to used the latest improvements with time series charts, it will be useful to migrate to the latest release.

The dependency:

```
<dependency>
    <groupId>org.jfree</groupId>
    <artifactId>jfreechart</artifactId>
    <version>1.0.14</version>
</dependency>
```

I assign Nacho because raster is the mainly user of jFreeChart right now.

History

#1 - 05/10/2012 01:11 PM - Ignacio Brodín

- Assignee changed from Ignacio Brodín to Cesar Ordiñana

I assign this ticket to Cesar.

http://sourceforge.net/projects/jfreechart/files/1.%20JFreeChart/1.0.14/

#2 - 05/18/2012 12:52 PM - Cesar Ordiñana

- Category changed from Raster to Application

- Status changed from New to In progress

- Assignee changed from Cesar Ordiñana to Ignacio Brodín

- % Done changed from 0 to 50

- gvSIG build set to 2045

Added in changeset gvsig-tools:r693. Also the org.gvsig.maven.base project has been deployed to the gvSIG maven repository, so it is already available to everybody.

I have left the old jfreechart dependency, as the groupId has changed, so all dependent projects must be updated also. Once the update had been

performed, I will remove it (in the first or second next gvsig 2.0 build).

Every project using jfreechart must change its dependency from

```
<dependency>
    <groupId>jfree</groupId>
    <artifactId>jfreechart</artifactId>
    <scope>compile</scope>
</dependency>
```

To:

```
<dependency>
    <groupId>org.jfree</groupId>
    <artifactId>jfreechart</artifactId>
    <scope>compile</scope>
</dependency>
```

I reassing the ticket to Nacho for him to update his projects dependencies.

#3 - 05/22/2012 04:27 PM - Ignacio Brodín

Poms in raster projects don't have jfreechart included. I have updated this dependency is in libUIComponents and I have tested the new version

#4 - 05/22/2012 04:29 PM - Joaquín del Cerro Murciano

Cesar, la dependencia se la lleva por delante andami.... ¿ que hay que hacer para que en el manifest de andami se actualice ?

#5 - 05/22/2012 05:04 PM - Cesar Ordiñana

Just perform into the _fwAndami project a:

    mvn clean install

#6 - 05/23/2012 09:31 AM - Ignacio Brodín

- Status changed from In progress to Fixed

- % Done changed from 50 to 100

#7 - 02/26/2014 12:40 PM - Álvaro Anguix

- Status changed from Fixed to Closed
